

| EXCLUSIVE WOODEN FLOORING |

‘c a n t o n’ is a variety of contemporary design, combined with the natural gunmetal look and texture of a solid wood flooring.

The grooves give your floor a unique and charming solid plank appearance as well as create a sense of space easy to maintain.

With its realistic texture and subtle surface, it’s almost impossible to tell the difference from actual wood.

‘c a n t o n’ is an excellent reflection of nature.
